

Public Information Meeting Notice

April 15, 2021

For more information, contact:
Dennis Mack, Cedar Corporation

Project ID: 9509-00-00/70
T Plum Lake, CTH N
Plum Creek Bridge, B-63-0006
CTH N
Vilas County

You are invited to view information regarding the reconstruction of the County N bridge over Plum Creek located approximately 1.2 miles west of the intersection with WIS 155 and 7.3 miles east of the intersection with US 51. Due to the COVID-19 pandemic, a Power Point presentation will be made available to the public for viewing on the Vilas County website from April 21, 2021 to May 5, 2021.

The proposed project scope includes the replacement of the deficient bridge structure with minimal approach work and the addition of beam-guard on each side of the bridge. Construction is anticipated for the summer of 2022. County N will be closed to thru traffic during construction; a detour route will be signed by the contractor and access will be maintained to properties along County N.

The public is encouraged to view and examine the proposed improvements at the link below and discuss any concerns they may have.
