The mission of the Lakes Committee for the Town of Plum Lake is to protect the Lakes in the Town of Plum Lake from Aquatic Invasive Species that are currently in our town lakes, and those that pose a threat to us. We will do this through monitoring our town lakes, providing education and creating public awareness. We will work with the Town of Plum Lake's Board, state government, community, and lake property owners, to obtain funds and to seek other assistance needed to keep our lakes clean for now and the future.
